

OIS IBDP Course Planning

current grade 10 students going to grade 11

This planning sheet will help you choose your courses – both DP and non-DP – for next year, grade 11. Because most DP courses last two years, you are choosing courses for grade 12, too.

Using a pencil (not a pen), circle just one subject – HL or SL – from each of the six groups (or a DP elective instead of a Group 6 subject).

If you plan to study for the IB diploma, you need to select three higher level (HL) courses and three standard level (SL) courses.

Please return the signed planning sheet to Mr. Heimer by **Monday, April --, 20--**. Please *hand* the sheet to Mr. Heimer *in person* so that he can look it over and confirm its contents with you.
